Curriculum Mapping for South Dakota Essential Core Standards

Grade 3 Math – Statistics & Probability

Indicator 1: Use various statistical models to gather data, study problems, and draw conclusions.

Standard	Curriculum Map (X, I, R, P)	Resources	Actions Needed
1. represent data in line plots, bar graphs, tables, or tally charts using appropriate form and scales for the data.			
2. ask and answer relevant questions from data represented in charts, tables, and graphs.			

Indicator 2: Apply the laws of probability to predict events/outcomes and solve problems.

Standard	Curriculum Map (X, I, R, P)	Resources	Actions Needed
1. use results of probability experiments to make predictions about future events.			
2. describe events that are certain or impossible.
